

MARTIAL LAW IS DECLARED

In Naples Thursday as a
Result of Vesuvius' Eruption

SOLDIERS ON SHORT RATIONS

THE DEAD AND INJURED ARE NOT
YET NUMBERED

Public Buildings Have Been Closed
and Shop Keepers are
Barricading.

(Bulletin.)

Naples, April 12.—The hail of cinders has begun again and the waters of the bay are whipped as if by hail storm of gigantic proportions. Never less the dangerous phenomena continues to decrease.

A British squadron has arrived here to assist in the work of relief.

Yesterday Vesuvius was a very vent of hell. Naples and the devastated country about the base of the volcano was mad with terror and trembling with fright. Today the mountain's flaming breath has practically ceased. Naples is appalled with the full realization of her disaster.

Yesterday unceasingly through the night and still today the leaden colored, sore-eyed, and hungry horde of refugees had trudged back and forth through the streets of the city like an army of gray ghosts. Hotels, hospitals, churches and soldiers' barracks are packed with the injured and those who are weakened and hungry have dropped in the streets through sheer exhaustion. Private homes have been thrown open to the victims of the last week's disaster, but the facilities are wholly inadequate to cope with the conditions.

Though there has been a marked decrease in the activity of Vesuvius, dense clouds of greenish, sulphurous smoke continue to pour forth and there is still a slight fall of gray ashes with occasional discharges of hot rocks and sand, but the fiery belchings and the flow of lava have practically ceased. The wind, too, has changed, and the smoke is not forced down on the city as it was.

But the full of the destroyer is only served to reveal the extent of the disaster. Every report tends to increase the first estimates of the loss of life and property. It is now practically certain that the loss of life will approach 2,000, the property loss, a revised estimate will be \$20,000,000, and that upwards of 50,000 people have been rendered homeless and have lost everything they had in the world.

The real danger now lies here in Naples. While the outlook is more hopeful the government decided today to place Naples under martial law to prevent any possible outbreaks among the hordes of refugees. A famine reigns in the city and thousands have no place to sleep. Relief work is being vigorously pushed. The situation is improving at Barra, Resina and Portici on the western side of the volcano. Reports as to the conditions in towns east of Vesuvius are still unavailable.

Naples, April 12.—The conditions in the section affected by the eruption of the volcano Vesuvius have been greatly ameliorated. The fall of volcanic ashes has diminished, and scientists express the opinion that the volcano has spent itself. All the papers advise the public to be calm, pointing out the improved condition of affairs. The papers also eulogize Director Matteucci for his courage in returning to the ruined observatory on Mount Vesuvius and sending from that place messages of encouragement and expressions of confidence that Vesuvius will soon quiet down. The theaters, cafes and places of amusement have been closed.

One estimate places the damage at \$20,000,000. Fifty thousand people are homeless.

Troops are engaged in clearing the roofs of buildings of the accumulation of sand and ashes which endanger the structures. The large glass-covered galleries throughout the city, which are much frequented, have been ordered closed, lest the weight upon the roofs cause them to collapse.

This has been a trying day in Naples. The people, alarmed by what has happened, have deserted their shops, and the manufacturers are near-

ly all closed. The crowds are in a temper for any excess. It would only require a spark to start a conflagration. The arrival of King Victor Emmanuel and Queen Helena has done much to restore calm. They have been received with great joy, especially when the sovereigns left a hospital after a visit to the wounded there.

The village of San Gennaro has been partially buried in sand and ashes, and several houses have fallen. At that place three persons were killed and more than 20 injured. In the road at Torre del Greco three persons were found dead from suffocation. The people who remain at Torre Annunziata are in danger of perishing from starvation, all the shops having been closed. Rations for 200 persons have been sent there. The warships ordered here have been doing effective service in the removal of refugees.

DICKERSON'S LIFE GAMBLED UPON

BETS OF 6 TO 1 IN COSSHOTON
THAT HE WILL BE FOUND
GUILTY.

Prosecutor Glenn's Closing Argument
Thursday Afternoon; Charge
on Friday.

Coshooton, O., April 12.—Friday, the 13th of the month, is figuring in the Ben Dickerson case and it is believed by the superstitious that it will truly be a day of ill luck for the defendant in the murder case which has been on trial here for weeks.

Prosecutor Glenn is this afternoon winding up the case as far as the attorneys are concerned. Judge Eason will charge the jury Friday morning and the twelve men will retire with the fate of Dickerson in their hands.

Bets are being made here, six to one, that the verdict will be guilty. It is also talked here that the jury will not report until Saturday, even if they reach a verdict Friday afternoon or night, owing to the superstitious belief of some of the members of the jury.

Coshooton, April 12.—The battle of the attorneys for the life of Ben Dickerson has closed and soon it will be up to the jury to determine whose side will win. The progress of the arguments has produced several dramatic and unusual situations, and some of the scenes enacted will be the subject matter for narratives so long as the present generation shall live.

The great sensation in the proceedings yesterday occurred just before the noon adjournment, when Judge Roche closed an impassioned plea which had lasted for five hours and 10 minutes. His peroration was an eloquent appeal to the jury that they make no mistake in their verdict, and it ended in a prayer to Almighty God to guide their judgment aright. The judge had put all his strength and power into the last 30 minutes of his address, and when he ceased he was visibly overcome as he took his seat. Presently he toppled from his chair and fell to the floor quite exhausted and spitting blood from the mouth. He was helped to an ante room and there a physician attended him. Later it was announced that the judge had suffered a nervous collapse and that he had ruptured a blood vessel of his throat.

Judge R. M. Voorhees, the venerable senior counsel for the defendant, commenced the closing argument for his side a few minutes before the noon adjournment, and he spoke with only a short intermission, finishing at the ninth adjournment, occupying four solid hours. During his argument the venerable judge drew one of the lawyer's desks toward the jury box and supported his weight upon it. Some two weeks ago he incurred an attack of grippe and for two days he was absent from the trial. He was still weak from the illness and his friends feared he, too, like two of his co-counsel, would prove unequal to the strain and collapse in his argument. The judge, however, kept himself well in hand and spoke with almost his usual voice and animation from start to finish.

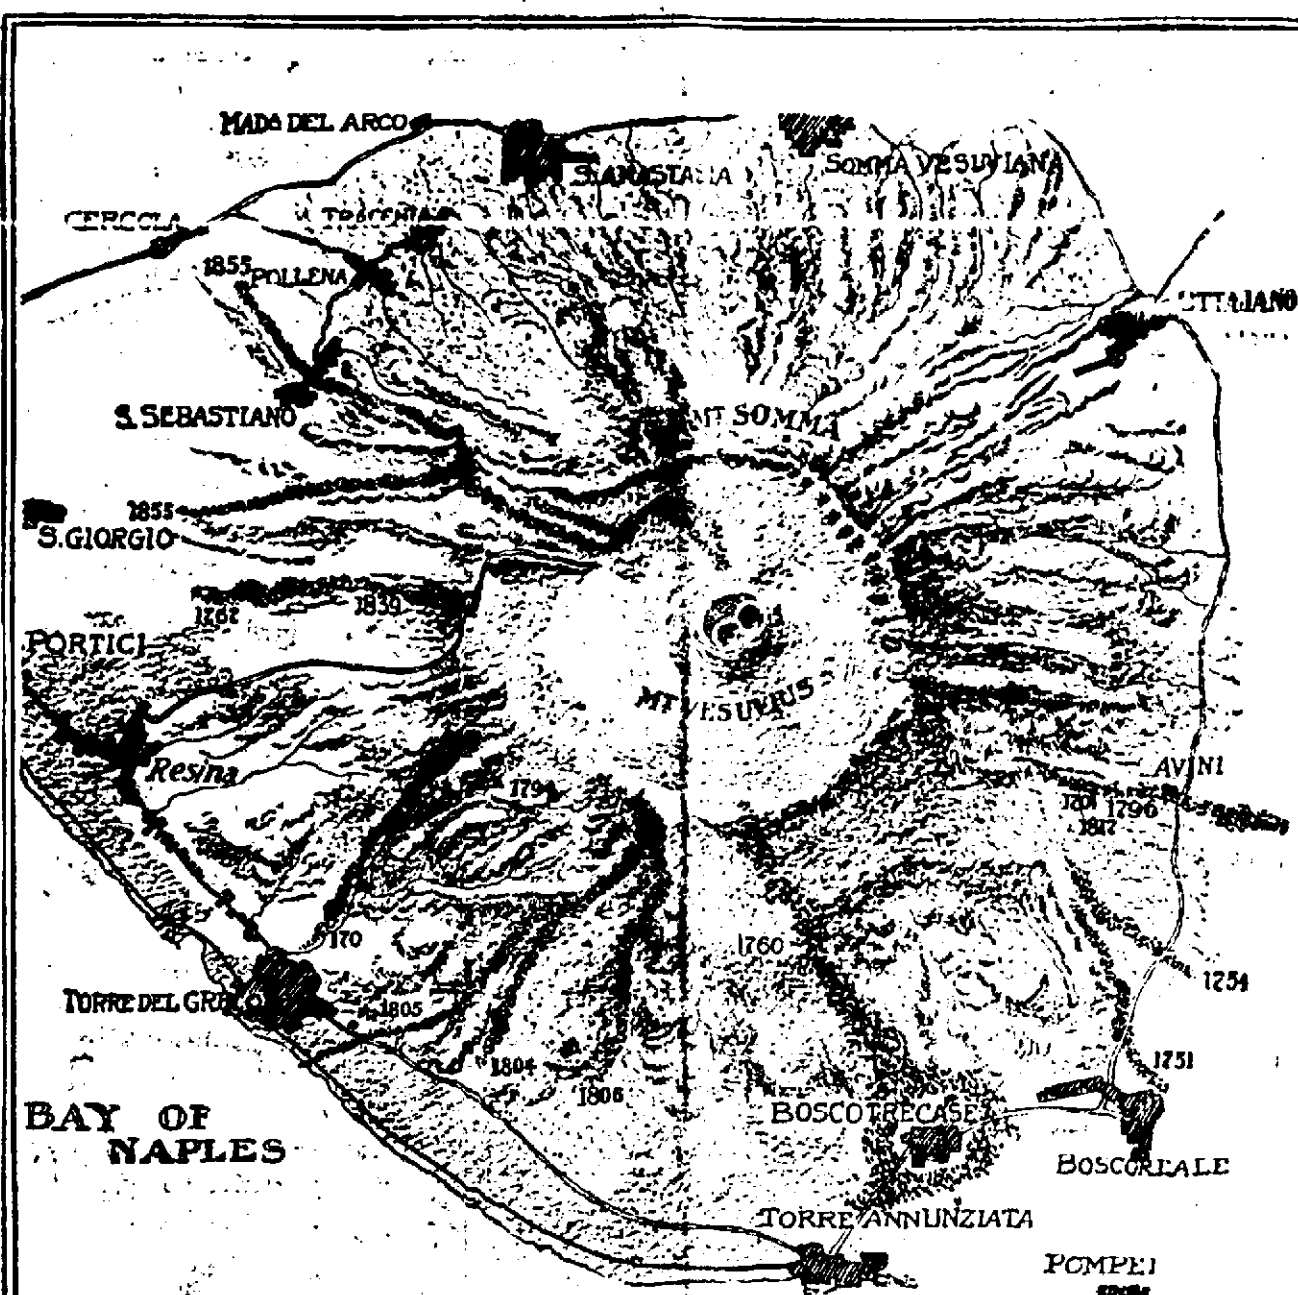

DELIGHTFUL RIDE THROUGH THE AIR

Mrs. Thomas More Than Pleased with
Trip Taken in a Balloon in
the East.

Pittsfield, Mass., April 12.—Mrs. Julian P. Thomas, who, with her husband and Chas. Levee, made an ascent in a balloon from Pittsfield, Mass., to Somers, Conn., was most enthusiastic over the trip today. She declared that the experience was delightful.

"Afraid! Never a thought of it. I could not begin to tell offhand how I enjoyed sailing through the air," said Mrs. Thomas. "We passed over several lakes and I took pictures of them."

RIOT IS FEARED

(Bulletin.)

Naples, April 12.—Naples was today ordered under martial law and the danger of a riot is feared. A trivial incident may start a terrible riot. Soldiers are on short rations.

Sarno has practically been destroyed, but the majority of the inhabitants escaped.

Thousands of refugees in a pitiable state are arriving at Castellammare from Torre del Greco.

Ghoults have been working on bodies of volcano victims. The royal palace at San Fernando has been opened to the refugees. The Pope has sent \$2000 to Naples sufferers.

DEMPSEY SCORES ANDREW CARNEGIE

CINCINNATI MAYOR HAS NO DOUBTS
TO THROW AT THE
IRONMASTER.

Thinks His Beneficence Should Have
Commenced in Workshops
Long Ago.

Cincinnati, April 12.—There has been much comment on the fact that Mayor Dempsey did not mention the name of Andrew Carnegie in his speech accepting the Walnut Hills branch library. "I purposely refrained from mentioning Mr. Carnegie's name," said the mayor. "I have no deep admiration for a man who made his millions out of the sweat and blood of the toiling class, but who attempts to atone for his oppression by giving away buildings, advertising himself as a philanthropist. His beneficence could have been begun in the workshop, and the workmen should have been the first to benefit from it. He is the creation of a system of special privileges, which enriched the few at the expense of the many, which is undemocratic and destructive."

GOVERNOR SEEMS TO BE IMPROVING

Cincinnati, April 12.—Mrs. Patterson wrote her brother Wednesday stating that the governor need not submit to an operation to insure his recovery. Friends of the Governor were told today of the belief of Mrs. Patterson that he is on the road to recovery. Reports from the sick room today give the impression that the governor is improving nicely.

DR. DOWIE MAY RETURN TO MEXICO

Lawyer Says He Will Contend for Every
Right, But Will Make
Concessions.

Chicago, April 12.—Dr. Dowie on Tuesday with Attorney Weston, this morning and heard the result of yesterday's conference at Zion City. Weston hopes to bring about a satisfactory settlement. Dowie is anxious to return to Mexico. He fears pneumonia. "Dowie will contend for every right he has," said Weston, "and will not be pensioned. That does not necessarily imply he will not make concessions." Dowie is somewhat improved today.

FAMINE IN RUSSIA

Glasgow, April 12.—A dispatch to the Herald from St. Petersburg today says the famine horror in Russia is daily increasing. All people in several villages, it says, have been poisoned by eating garbage.

BELLAMY STORIES LEAVES

Vienna, April 12.—Bellamy Storer, retiring United States ambassador, took leave of Emperor Francis Joseph this morning and presented his letters of recall.

gave him authority to stop all racing in the city. This will include bicycle racing, auto and horse racing and the police will use any means they see fit to stop all fast driving of vehicles along the Newark streets which endanger the lives of the citizens.

"There is an ordinance on the records of the city which makes it possible for the mayor to grant permission for racing on Hudson Avenue providing those who wish to race ask permission from the Mayor. The ordinance is a poor one and the mayor will not grant any such request."

The real cause of the order is the fact that a number of owners of fast horses had their favorites out on Hudson Avenue banks yesterday and the horses were stopping some. Some of the Hudson Avenue residents did not like the sport, especially on Sunday afternoon, and complaint was made and the order followed.

CONFERENCE IN NEW YORK CITY

BETWEEN OPERATORS AND THE
MINERS RESULTS IN A
DISAGREEMENT.

Meeting Adjourned Subject to Call
of Both Chairmen—An
Amended Offer.

New York, April 12.—The conference of miners and operators went into session at 1:30 this afternoon and adjourned at 2:10. Mr. Mitchell in behalf of the miners, rejected the operators' offer of a limited arbitration, but filed an amended offer to bring about peace through the same means. The amended offer strikes out the demands for official recognition of the union, but asks for practically the same results by asking the operators to draw up an agreement with the Anthracite Mine Workers. The checking system demand is dropped by the miners and they also ask that what agreement is reached be for one year. The meeting was adjourned subject to the call of both chairmen.

GARFIELD WILL OUST STANDARD

In Some States as a Result
of Attorney Hadleg's
Investigation

KANSAS CASE WAS OPENING

BUT OPERATIONS OF THE TRUST IN
OTHER STATES

Will Make a Further Inquiry Possible
by Justice Department
at Washington.

Washington, April 12.—A recommendation that the Department of Justice take such further steps against the Standard Oil company, the oil trust, as the conditions laid bare seem to justify, is believed in well informed circles to be the most striking feature of the report soon to be submitted to President Roosevelt by Commissioner of Corporations Garfield, dealing with the investigation of Standard affairs directed by the House of Representatives' resolution adopted a year ago.

The investigation was undertaken by the Department of Commerce and Labor through its bureau of corporations. It was provided by the contest waged by the Standard against all interests of Kansas, and it was the intention originally to limit the scope of investigation to Standard affairs in Kansas. But it was realized that the affairs of Standard in many states were interdependent, and that on investigation of the Kansas field made necessary researches throughout practically the entire territory controlled by the trust.

Although the report is a document of confidential character for the present, one that will first be submitted to the President and by him edited for submission to Congress, a general impression regarding the points which it covers has been obtained. It is understood that the report will show that about 20 oil refining companies have within recent years been incorporated in the Standard. The report will make an analysis of the manner in which they were merged so as to show whether or not the Standard in this connection is an offender against the statutes in the same sense as was the Northern Securities company under the decision of the Supreme court. Upon this point the report will be a secret one, not even Congress being entitled to the information in question upon which the examination will be based that the Department of Justice take such further steps, civil or criminal, or both, as the conditions exposed seem to warrant.

BOARD OF HEALTH

Will Change Course of Stream So as
to Pass Around the City
Dump Ground.

At a meeting of the Board of Health the matter of the unsanitary condition of the city dump in "Oklahoma" was discussed. It was found that the existing conditions were caused primarily by the fact that the stream of water, known as the Log Pond run, courses through it, washing all the refuse and dead breeding germs into the North Fork of the Licking river. In order to obviate this the board passed a resolution to change the course of Log Pond Run so that it will run in a direct line east to the creek, passing through the property of the late C. C. Rankin.

CINCINNATI ORCHESTRA DELIGHTS NEWARK & GRANVILLE AUDIENCES

Conductor Van der Stucken Scores a Decided Success Upon His Second Appearance With an Orchestra Augmented in Size and of Greater Artistic Merit.

Two of the best orchestral concerts ever given in either Newark or Granville were those of yesterday afternoon and evening when the renowned Cincinnati Symphony Orchestra with Frank Van der Stucken, conductor, appeared as the closing numbers of the second annual music festival of the Newark and Granville Musical Festival Association combined.

The program rendered by the orchestra at Granville yesterday afternoon was a degree advanced from the style of that given at the Auditorium in this city last evening, in that the Schumann symphony, the "Oberon" overture, by Weber, and the Tannhauser overture, were given at that place, although those who attended the concert at the Auditorium heard three other numbers especially, which made up for the lack of the first named three. They were the Suite, of Bach, the Liszt number, Les Preludes, and the "Phedre" overture, by Massenet.

The Granville program was as follows: Weber, Overture to "Oberon"; Schumann Symphony No. 1 in B flat.

I. Andante un poco maestoso, Allegro molto vivace, B flat 2-4.
II. Larghetto, E flat, 3-4.
III. Scherzo, D minor 3-4. 1st trio, D major, 2-4. 2nd trio, B flat, 3-4.
IV. Allegro animato e grazioso, B flat 2-2.
Elgar, Sursum Corda.
Sibelius, The Swan of Tuonela.
Van der Stucken, Idylle, Op. 20.
Wagner, Overture to "Tannhauser".

The first number, one of the most beautiful, and admirably conducted by Mr. Van der Stucken, was given with an excellent view to shading and general expression. The Schumann Symphony with its various movements, was of course, the feature of the afternoon's concert. The second and fourth numbers of the suite, the larghetto and the allegro, were especially effective, the immense volume of the body of musicians being under excellent control of the baton of Mr. Van der Stucken, and the varying movements of the composition being most admirably interpreted. As to the individual effort of the players in the rendition of this most exquisite number nothing can be said. The different sections of the immense organization were so evenly trained in the work of the various numbers as to give the best possible results, in places requiring widely varied degrees of expression.

The familiar Tannhauser overture, of Wagner, was given with its usual beauty and impressiveness, and in the double forte passage the Baptist church proved exceptionally good in its acoustic qualities, the volume of the orchestra filling the building to the farthest corner.

As to beautiful harmonies the third, fourth and fifth numbers were exceptionally pleasing. The ability of Mr. Van der Stucken as a composer was shown in the Idylle. This number was most excellently orchestrated, and contained a dainty and graceful little air, which ran throughout the entire number as the theme, which was constructed in a most artistic and beautiful style. For simple, sweet harmonies, and with a movement somewhat similar to the Idylle of Mr. Van der Stucken, the Sursum Corda, by Sir Edward Elgar, was delightful, the style and atmosphere of the number carrying the hearers into a peaceful reverie only greatly strengthened by the theme which is held and repeated by the first violin, with effect.

The Sibelius number, "The Swan of Tuonela," in a most apt and artistic manner, painted the picture of the dying swan chanting its death song on the breast of the quiet stream. The number was impressive in the extreme.

The following was the program of last evening, given at the Auditorium in this city, with Mr. Felix Hughes, Cleveland, as soloist, and Hugo Oik, concertmeister.
Bach, Suite No. 2, in D major, Overture, Air, Gavotte I and II, out-tune, Gigue.
Liszt, Les Preludes.
Mendelssohn, Aria, "It is Enough," from "Elijah," Mr. Felix Hughes.
Elgar, Sursum Corda.
Massenet, Overture to "Phedre."
Songs, Mr. Hughes.
Van der Stucken, (a) Idylle; (b) Cagliani's Pursuit, from "The Tempest."

The entire program was rendered in an absolutely faultless manner according to Mr. Van der Stucken's interpretation of the works of the various composers appearing on the program. Mr. Felix Hughes, the baritone soloist, was very pleasing, with the possible exception of the fact that he was a trifle too dramatic in some of his work. Mr. Hughes sang the "Elijah" number, "It is Enough," with effect, the orchestral accompaniment being a most important feature of the successful rendition of this number. In his last two numbers Mr. Hughes was most pleasing. Adella Prentiss Hughes accompanied her husband admirably at the piano. Mrs. Hughes, by the way, has a standing reputation as an accomplished pianist, which is quite flattering.

The last number, Mr. Van der Stucken's own, an excerpt from his composition, "The Tempest," and is highly artistic, although the effect of it was somewhat lost by the impression of the Idylle which truly won the attention of the audience. The orchestra left this city today for Mansfield, where it will appear tonight.

WOMEN MEET FOR IMPROVEMENT

Along Lines Suggested by Prof. Zeuhlin in His Civic Improvement Lectures.

The second meeting of women interested in Civic Improvement was held in Taylor Hall on Saturday afternoon, April 7, when a constitution was adopted, officers were elected, and an organization effected, with a membership of 43, and the sum of \$18 in its treasury. The officers are: President, Miss Anne Wotring. First Vice Pres., Mrs. C. C. Rankin. Second Vice Pres., Mrs. Warren Wright. Rec. Sec'y., Miss Lena Smith. Cor. Sec'y., Mrs. Edwin Nichols. Treasurer, Mrs. A. C. Hatch.

The constitution, cast upon broad lines, is calculated to induce the growth of the society, and to cover its expansion, as well as its present needs. Article 1—Name: This organization shall be called the Woman's Civic Improvement Society of Newark, Ohio.

Article 2—Objects: The objects of this society shall be: To promote cleanliness, sanitary conditions, prosperity and general attractiveness; to further the cause of education; and to do whatsoever may tend to improve the town and to beautify it as a place of residence.

Article 3—Membership: Any woman may become an active member of this society by the payment of 50 cents.

Sec. 2. The annual payment of ten or more dollars by any woman, shall constitute her an honorary member of this society.

In the honorary membership list, the society seeks to establish a fund with which to carry out its projected improvements. The society further seeks to stimulate the interest of public spirited citizens by the bestowment of "life membership," which is the highest gift it can offer, upon any individual (man or woman) who confers special benefits upon the city through this society. The constitution provides for the usual officers and designates their duties. Article 7, which relates to the treasurer will be of interest to the public.

Article 7—Treasurer: The treasurer shall receive and disburse all moneys for, and on account of the society, and shall make a report of her transactions at the annual meeting, and at other such times as may be directed by the Executive Board or society. The fiscal year shall date from the annual meeting.

Sec. 2. She shall disburse funds only in accordance with Article 9, (given below). All moneys shall be deposited in _____ bank, and all bills paid by check upon said bank.

The society is to be governed by an Executive Board, composed of the officers and chairmen of all standing committees, all of which are to be elected annually by ballot by the society, at the annual meeting.

Article 8—Executive Board: The Executive Board shall take general superintendence of all business of the society. It shall appoint all special committees, direct all improvements, write all contracts, expend all moneys and arrange all meetings.

Sec. 2. Regular meetings of the Executive Board shall be held

How to Start Off the Day

Students of Hygiene All Agree That the Right Kind of a Breakfast Is Essential.

Thinking people are giving more and more earnest thought as to how to start off each new day so as to put themselves in the best possible physical and mental condition for the work of the day. It is an interesting subject, no interesting indeed that it has attracted the attention of a host of the world's leading scholars and authors on hygiene and many different opinions have been written for the guidance of the people. On one point, at least, all are agreed. This is that the right kind of a breakfast is essential. A perfect breakfast is impossible without Malta-Vita, that delicious, crisp, vitalizing, whole-wheat food. In making Malta-Vita the whole of the wheat, after being cleaned, is thoroughly steamed and cooked in absolute purity and then mixed with malt extract, a powerful digestive agent, which converts the starch of the wheat into maltose, or malt sugar. Maltose is a great food and the weakest stomach digests and assimilates it without effort. After being rolled into thin wafer-like flakes the malted wheat is baked under such intense heat that it comes from the ovens crisp and brown—positively the most delicious, most healthful food in the world. Always ready to eat. All grocers, now 10 cents.

monthly throughout the year, and as much oftener as may be deemed necessary, at such place and hour as shall be fixed by the Board. Special meetings of the Executive Board shall be called at any time by the president upon the request of two members of the Board.

Article 9—Liabilities. No debt shall be contracted by the Executive Board beyond the available means within their control to pay the same. No bill shall be paid until approved in writing by two of the committee ordering the same; and no bill shall be approved which is for a sum greater than the appropriation for the special purpose covered by such bill.

Article 11—Public Action: No request shall be presented to any public authority for action, unless the same shall have been approved by a majority of the Executive Board.

Article 14—All meetings shall be conducted according to parliamentary law, Mrs. Lillian Cole Bethel's Manual being the authority.

The standing committees provided by the By-Laws of the society are: Street, Sanitary, Finance, Humane, Railroad, Junior Civic League, Park, Preservation of Natural Beauties, Education, Public Nuisance.

A fact coincident with the inception and organization of the Woman's Civic Improvement Society is noteworthy: that two organizations having similar interests, one composed of men, the other of women, should have sprung up simultaneously out of the common needs of the town, without compulsion, or of dependence upon each other. This fact speaks eloquently of the breadth and scope of the work to be done if Newark is to keep pace with her sister towns of like size and importance.

Broadly speaking, the Men's Civic Organization among its other aims, looks into the ethics of public morality, while the Women's Society seeks only to beautify Newark, improve the conditions of living for her citizens of today, and to nurture and foster such conditions, as shall produce noble citizenship for the future.

To this end the women approach their work in a spirit of friendliness, in which condemnation and criticism find no part, and hope to quietly co-operate with the civic authorities, the School Board and all organizations looking toward the good of the town.

The Woman's Civic Improvement Society then bespeaks for itself the friendly consideration and the hearty co-operation of the public, and an extensive membership from among the women of Newark.

The next meeting, of which public announcement will be made, will be held on Tuesday afternoon, April 17, at 3:30 in Taylor Hall. The women of Newark are cordially invited to join the Society.

Good Blood

Good blood, good health; bad blood, bad health; there you have it. Why not help nature just a little and change the bad to the good? Bad blood to good blood; poor blood to rich blood! Ask your doctor how this applies to Ayer's Sarsaparilla, and now it applies to you! Could anything be more fair?

OBITUARY

EDWARD M. BOYD.

Mr. Edward Mahon Boyd, a former well known B. & O. engineer, died at his home, 256 Summit street, at 2:05 o'clock Thursday morning after an illness of about five years, aged about 58 years. The deceased was born in Ravenswood, W. Va., April 1, 1848, and was married to Miss Rebecca R. Webb on January 5, 1869, at Ravenswood, W. Va. When 20 years of age he took service with the B. & O. railroad company as fireman on the main line. He was promoted to the position of engineer and ran an engine on the main line until he came to Newark in 1886, where he has resided ever since. He ran out of Newark until 1898, when he took service with the C. & D. H. running out of Shawnee and Columbus for three years. Five years ago he was taken with Bright's disease, which terminated in dropsy. He was a member of Shawnee Lodge F. & A. M. and was a faithful member of the St. Paul's Lutheran church of this city. The remains will be taken to Wheeling, W. Va., for interment. The deceased is survived by his widow and three children, Clarence W. Boyd, a cleric at the B. & O. shops, Mrs. Della T. McPherson and Miss Maud J. Boyd, all of this city.

A peculiar coincidence with the death of Mr. Boyd is that on Wednesday morning he told his family that he would be dead before the day ended, and he died in less than twenty-four hours.

The funeral services will take place Friday afternoon at 2 o'clock from the home on Summit street, Rev. I. C. Schindler officiating. The remains will be taken to Wheeling Saturday morning at 7:05, interment in that city.

OBITUARY.

Arthur Clarence Parr was born in McKean township, Licking county, Ohio, March 11, 1881, and died April 7, 1906, aged 25 years and 27 days. He was the youngest son of a family of ten children. He leaves a father, mother, four brothers and four sisters, together with a large circle of friends and relatives to mourn their loss. He is the second to break the large family circle, one other little brother having been called to the heavenly home in infancy. "Thus, one by one, the ties are severed."

Arthur though taken in young manhood, just when he began to unfold before him, leaves behind to comfort his friends the memory that he was always a dutiful son, a loving brother, an agreeable companion, and when disease affected his body he was always patient through all his sufferings, never complaining, but ever considerate of those who cared for and ministered to his suffering. Thus in brother Arthur's death we are reminded of the uncertainty of life, that our stay here on earth is but a few days at the longest and our comfort is "Brother is not lost, but gone before."

AMOS H. BRELSFORD DEAD.

Street Paving and Street Cleaning.

Seven hundred business men and citizens over in Canton became so dissatisfied with the deplorable condition of the paved streets that they petitioned the city council for better apparatus for the work of street cleaning. The council couldn't turn down the petition and accordingly took favorable action upon it and bonds in the sum of \$7,000 will be issued to make the desired improvement. Canton seems to have as dirty streets as other cities, simply because of a belief too common that all that is to be done is to pave a street and it will take care of itself. Experience of many years has shown that in the extension of street paving the matter of street cleaning should also be taken into consideration and provision made for the work, but the lesson is not generally learned from experience. Many cities have gone on with the work of paving and permanent improvement till they now have more miles of pavement than they are able to keep clean.

Tired of Life.
Gallon, April 12.—After writing a letter to his wife and telling her that life was nothing but sadness to him, Jesse Mills, a farmer, aged 21, committed suicide Wednesday morning by hanging himself. He leaves a wife who is but 16 years of age.

Acknowledge Themselves Bankrupt.
Jima, April 12.—Thomas & Sons, pioneer produce packers, failed Wednesday, going into voluntary bankruptcy. They have branches at Bluffton, Sidney, Ft. Recovery in this state, and Boston, Mass. Liabilities \$60,000, assets, \$10,000.

NEWS FROM ALL PARTS OF OHIO

Increases Capital Stock.
Canton, April 12.—The Canton-Akron Railway company, of which Mr. J. R. Harrigan, formerly of Newark, is general manager, has increased its capital stock from \$1,200,000 to \$2,200,000.

Recorded Volcano Disturbances.
Cleveland, O., April 12.—Father Odenbach of St. Ignace college, this city, a noted authority on seismic disturbances, reported that his microseismograph, the most delicate instrument known for detecting the presence of earthquakes in any part of the globe, had plainly recorded the disturbances caused by the eruption of Vesuvius. The lines made by the recorder, he said, had shown a wavy motion for several days, indicating a severe agitation in the earth's surface at a remote point.

Dayton Man Suicides.
Kansas City, April 12.—William H. Weaver, 30, of Dayton, O., committed suicide in the Coshy hotel in this city by drinking carbolic acid. Just before drinking the fatal drug Weaver had been discussing with other guests of the hotel the unusual number of suicides which have occurred in this city during the last few days. Weaver left a letter to his wife in which he gave expression to his great love for her and censured her for not requiring the feeling.

Metal Trades Want Open Shop.
Toledo, O., April 12.—The metal manufacturers of Toledo, including 17 of the 20 plants in the city, have organized a branch of the National Metal Trades association and declare that hereafter, while not seeking a conflict with union labor, they purpose to run their own business and employ and discharge whom they please, and that in the employment of labor they will make no distinction between union and nonunion labor.

Morehouse Trial.
Wooster, O., April 12.—Judge Maxwell set May 7 as the date for the trial of Mrs. Enola Morehouse, under indictment for the murder of a babe. Judge Mason, who tried the Taggart divorce case, will be the trial judge. Charles F. Adams of Lorain is to defend Mrs. Morehouse.

Sues the City.
Springfield, O., April 12.—Suit for \$10,000 damages against the city was brought by Lillian Briggs Smith for injuries alleged to have been sustained by stepping into a hole in Pleasant street. The plaintiff says her leg was badly wounded and that she sustained internal injuries.

Water Bailers Strike.
Wellston, O., April 12.—The coal operators have refused to pay water bailers the 1903 scale, and as a result they are out. This will result in a loss of thousands of dollars to the mines. No settlement is in sight.

Sheriff Fined.
Dayton, O., April 12.—The payment of a fine of \$100 and costs on a plea of guilty to an indictment charging him with presenting false and fraudulent cost bills is the penalty and the sequel to the 12 indictments found against Sheriff John A. Wright of this county and his son, Deputy Sheriff Ed O. Wright. The indictments were found last October and were based on certain charges in a cost bill presented to the probate court for conveyance of a number of boys to the industrial school.

Candidate Goeke Withdraws.
Wapakoneta, O., April 12.—J. H. Goeke of this city, candidate for congress in the Fourth district and probable winner, withdrew from the race on account of ill health, following the advice of his physicians, who say the excitement of the campaign might kill him. For several years Mr. Goeke has suffered from nervous trouble.

No Agreement at Athens.
Athens, O., April 12.—The joint conference of operators and miners in the Hocking Valley district adjourned without having reached an agreement. The independent coal operators, consisting of about 20 per cent. of the output of the district, have signed the scale asked.

Determined to Die.
Bridgeport, O., April 12.—Mrs. Will Monigan, 50, in a fit of despondency cut her throat from ear to ear with a razor and later tore open wounds when sewed up, to make sure of death. She was put in a straight jacket to prevent any further attempts, but will die.

Coughed Up a Lizard.
Gallon, O., April 12.—Al Hubley of Mansfield coughed up a live lizard. Five weeks ago he drank water from a spring and has been much distressed with coughing, badling the physicians. The coughing has subsided since he got rid of his annoying visitor.

Johnston Nominated.
Pomeroy, O., April 12.—Hon. Hollis Johnston of Gallia county was nominated for common pleas judge to succeed Judge Reeves of Fairfield county. He won on the fourth ballot over Otto Vollenweider of Vinton county and Ed Ricketts of Hocking.

Kennedy a Candidate.
Bellevue, O., April 12.—General Robert P. Kennedy of this city, former lieutenant governor of Ohio, has announced his candidacy for the nomination for secretary of state at the hands of the coming Republican state convention.

Three Saloons Quit.
Wellston, O., April 12.—Three saloons in Berlin Cross Roads, a village three miles south of this city, have closed their doors. Depending exclusively upon miners for business, the strike and Aikin bill led to their undoing.

Alleged Bank Robber.
Chillicothe, O., April 12.—The grand jury indicted Thomas Moffatt of Toledo for the Bainbridge bank robbery and for burglary in the preliminary trial. Husky Burns was indicted for the bank robbery.

Gift from the Mayor.
Hamilton, April 12.—The contract was awarded yesterday to the J. F. Bender & Bros. company of this city for the construction of a new \$50,000 Odd Fellows' temple in this city. The building is the gift of the late Mayor D. B. Sanders, who left his estate to the Odd Fellows of Hamilton for this purpose.

Have Been Married 57 Years.
Marysville, April 12.—Mr. and Mrs. Samuel Beitzler residing four miles west of Marysville on the Bellefontaine pike, celebrated their 57th wedding anniversary at their home on Thursday. The couple were married in Logan county on April 12, 1849, and have ever since resided on their present farm.

LINGAFELTER CASES IN CIRCUIT COURT THURSDAY

The Court Decided That Their Cases Must be Heard This Term and the Decision Will be Announced June 19
---Other Matters of Interest to Litigants.

The case of Robert C. Lingafelter vs. State of Ohio was called in the Circuit court this morning, being the error proceedings prosecuted to reverse the judgment of conviction of forgery in the Common Pleas court. Lingafelter, by counsel, insisted upon the hearing being postponed until next term of court, in order to give them an opportunity to prepare briefs and examine the bill of exceptions, which they stated they had not had an opportunity to examine. The State insisted upon proceeding with the hearing. The court held that the case should be heard this term, and ruled that counsel for Lingafelter should have his brief in by the 5th of May. Counsel for the State put in their brief by the 15th of May, and counsel for Lingafelter their brief in reply by the 21st of May. There was no oral argument. The Circuit court stated that they would announce a decision June 19.

Taken to Reformatory.
Harry Freiner, convicted of manslaughter in the killing of Thomas Osborne, and Walter Wood, convicted of willful destruction of property, were taken to the Ohio Reformatory at Mansfield by Sheriff Redman to serve their terms.

Demurrer Filed.
In the case of the Real Estate and Improvement Company of Baltimore, Md., vs. Mary Meckley and others, the defendants demur to the reply of the Baltimore & Ohio railroad company for the reason that the reply does not state facts sufficient to constitute a defense to the answer of the defendant. F. O. Levering and Fulton & Fulton, attorneys for defendants.

County Funds Awarded.
The county commissioners have entered into an agreement that the use of the county money be awarded in equal parts to the Licking County Bank and Trust Company and the Newark Trust Company for a period of three years from April 9, 1906.

Probate Court.
Ella Williams, administratrix of the estate of Sanford Williams, deceased, has filed his first and final account.

Charges Cruelty.
May Offenbacher has commenced proceedings for divorce from John J. Offenbacher. The parties were married in 1898, and have one child, age 7. Plaintiff charges habitual drunkenness, cruelty, failure to provide and absence. The wife asks for the custody of the child. S. L. James, attorney.

Miner Released.
The hearing of John Miner, of Hebron, to be released from jail on a writ of habeas corpus, was heard by Judge Bristle Thursday, and the application was granted. Miner was sentenced by the mayor of Hebron March 9 to serve 30 days and to pay a fine of \$10 for assault on J. C. Minor, and for drunkenness and disorderly conduct. Miner was represented by B. G. Smythe.

Asks for Divorce.
Elizabeth B. Mumme has filed a petition in the Probate court asking for a divorce from Wesley T. Mumme. She says she was married August 9, 1905, that they went to Union

Notice to Contractors.
Notice is hereby given that the County Commissioners will receive sealed bids at their office until 12 o'clock, noon, April 16, for the substructure of the south wall of Dodson bridge over Ramp creek, in Newark township.

RESOLUTIONS OF RESPECT.
At a regular meeting of Licking Lodge No. 80, I. A. M., the following resolutions were adopted:
Whereas, It is with deep sorrow and sincere regret that we are called upon to record the death of our late Brother John Lauffer, who departed this life March 31, 1906,
Resolved, That while we most humbly submit to the will of Him who doeth all things well, we none the less mourn our brother's death, and that we deeply sympathize with his parents and relatives, and pray that God in his infinite mercy will enable them to bear up under their loss and help them to say "Thy will be done"

If a Cow gave Butter
mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

Scott's Emulsion
combines the best oil with the valuable hypophosphites so that it is easy to digest and does far more good than the oil alone could. That makes Scott's Emulsion the most strengthening, nourishing food—medicine in the world.

FIELD OF SPORT

DOYLE NEARLY
BROUGHT WIFEWITH HIM TO NEWARK FOR THE
BASEBALL SEASON—HE
LOOKS GOOD.Fans Glad to See Joe Back in Uni-
form Again and Believe He
Will Be One of Regulars.Newark's old War Horse, Joe Doyle,
has reported.The popular catcher of last year's
team came in last night from Cin-
cinnati and looks as good as any of
them. Doyle greeted the sport writ-
ers with a handshake which might
leave the impression that he had
spent the winter at the blacksmith's
forge.Joe says he didn't however. It is
whispered that he spent a good share
of his time in basking in the smiles of
a bright eyed damsel in his home vil-
lage and that Joe almost trotted up-
der the wire in double harness.The big catcher was to have report-
ed Wednesday, shortly after noon,
but he was present at a "shin dig,"
Tuesday night and slept just long
enough Wednesday to miss the morn-
ing train out of Cincinnati, so he did
not show up until last night.Not a fan in the city was more de-
lighted to see Doyle than he was to
greet his host of friends here, as this
is almost like home to him. Three or
four seasons in one city makes a ball
player keep a warm spot in his heart
for that place, and Newark is no ex-
ception in Joe's case.Doyle has excellent chances of
making good this year, and there is
no doubt in the minds of the fans at
least but that he will be on the pay-
roll here this season. Briger, the
new man who will report as soon as
his transportation arrives, is said to
be a wonder behind the bat, but the
decision of Manager Bates to carry
two catchers makes Doyle a fixture
here. Some Newark people did not
like to see Doyle take a slump in his
hitting last year, but he was over-
worked behind the bat and if he is
compelled to do but part of the work,
his hitting will be as good as the rest
of the players.Doyle's stick work was good dur-
ing the first two months of his play
here last year, and there will be no
falling off this time. Last season,
when the play started, the fans sent
up one unanimous shout for Doyle,
and the management could do nothing
but bring in the man from the
Kitty league.FIVE MORE MEN
TO REPORT HERE
OR 27 IN ALLFive more men are on Cotton's list
to report for the spring practice here.
These men are Gahagan, Davis, Ross,
Briger and Dierker. Gahagan and Da-
vis are infielders, Dierker is an out-
fielder, while Briger and Ross com-
plete a battery themselves. Twenty-two men have already reported and
when these five get in, the roll call
will number 27. This is the largest
number of ball players ever assem-
bled in Newark for a professional ball
team, and shows that Bates will spare
no pains or expense to give the best
possible.Danny Davis, who has been delayed
in reporting, will probably get in this
afternoon. He was scheduled to leave
Cincinnati on a morning train. Davis
will be a strong candidate for short
stop.Catcher Briger has written to Bates
that he can not report until he has
received transportation. The mileage
was sent to him Friday, but the let-
ter written Tuesday stated that the
ticket had not arrived.Pitcher Ross telegraphs that he
will be here Thursday night and the
other men are expected on each train.
The men have all been uniformed
in some manner and got a good work-
ing out Thursday. Bradley and Drake
are showing the balls furnished by
Secretary Rutledge in a shameful
manner, some of the fans saying that
they are pounding off the covers.Harry Miller, who was to try for
an infield position is making a good
showing in the outfield.

BRIGER ARRIVES.

Catcher Joseph Briger of Albany,
arrived in Newark this afternoon and
is out with the rest of the candidates
for practice.National League Season Opens.

WILLIAM BOTENUS
BIG FIRST BASEMANFirst Baseman Wm. Botenus, the
only man aside from Snodgrass who
will try for that position, reported
this morning. Botenus came in early
from Buffalo. Botenus is a big man
and a good hitter. He looks every-
inch an athlete.He immediately interested himself
in the size of Newark, and its indus-
tries, and seemed surprised to learn
that he had signed to play ball in a
city as large as Newark. Said he:
"You are having mighty fine weather
down here. Up at Buffalo even the
kids are not playing ball yet."MAY PLAY SUNDAY

Hoppe of this city, who holds the
world's championship title for 181
billiards, defeated Albert G. Cutler of
Boston in the fifth game of the world's
12 championship tournament. Hoppe
did not play as fast or as well as was
expected, but he will be seen to better
advantage later on when he meets the
more seasoned players.In the fourth game Jacob Schaefer
of Chicago defeated O. A. Morningstar
of Indiana by a score of 500 to 222.
Schaefer made 137 in his seventh
inning, which is the high run of the
tournament up to date. His fine nursing

PICKERING MADE
"TEXAS LEAGUER"Famous Before This Popular Out-
fielder Broke into the Big
League.Many fans no unaware that the
expression "Texas leaguer" origina-
ted in Houston, and that Ollie Pick-
ering, center fielder of Columbus, was
responsible for the term says the
Cincinnati Enquirer. It was during
the regime of John J. McCloskey,
now manager of the Cardinals, but
at that time a Texas league leader,
that Pick dropped into Houston one
day on a freight train, unkempt and
looking as little like a ball player as
possible. He had full confidence in
his own ability, however, and lost no
time in applying to Manager McClos-
key for a job on his team. Mac was
shy an outfielder.He was keen enough to see through
Pickering's unpolished appearance
and to note the proportions and
movements of an athlete. So he
bought him a shave and a haircut,
fixed him up with a uniform and told
him to report at the ball yard in time
for the game that afternoon. Pick
did so and achieved a remarkable re-
cord. He went to the bat seven times,
and got seven hits, every one of
which was a short, looping fly over
first or third base, that fell safe just
too far out for the basemen to reach
and just too far in for the gardeners.
That sort of a hit had tantalized
holders before, but it had never been
labeled. The report of Pickering's
remarkable afternoon on the inside
spread abroad and as the perform-
ance had been made in the Texas
league, the hits got that day were
christened "Texas leaguers," a name
they bear to the present time.Danger from the Plague.

Willie Hoppe

Willie Hoppe, the champion billiardist of the world, last night defeat-
ed the Boston expert, Cutler. About eight years ago Hoppe and his brother
appeared in Newark at the Schlegel & Schaefer cafe in a contest with local
pool and billiard experts and easily won. At that time the new champion
billiard player of the world was so small that he was compelled to dis-
obey the rules of the house by climbing on the table to make his shots.

What Makes a Good Corset

Some years ago the American woman who was particular of her Corset thought she must have a French made Corset—and probably she had to. But step by step the American Corset-makers have taken and replaced the foreign corsets and from a small industry the making of corsets has progressed until today it occupies a recognized position in the great industries of this country. By using living models graceful lines are produced and a wonderful degree of comfort has been attained. These results have been attained by following the lines of the human figure. Next they aimed for durability.

Durability is built into the Corset. By the selection of and the use of good materials, the bones, the tapes, the fabrics service was implanted in the corset and the workmanship being done by competent hands the result has been that every corset of prominence today is an American Corset.

A GOOD CORSET MUST STAND FOR Grace, comfort and durability, at a moderate cost. We are showing this week an exhibit from the makes of THE J. B. CORSETS, which shows the wonderful success along these lines. Built by a French importer who knows what a good corset is, it can absolutely be depended upon to please the woman who wants a comfortable corset ranging from \$1.00 to \$2.00. It is useless for us to tell a woman that the fit of her suit or dress must depend upon the fit and care of her corset. She has learned this and we want to recommend to Newark women—

WILL PROTEST AT MEETING

AGAINST THE PROSECUTION OF WESTERN FEDERATION OF MINERS' OFFICIALS.

Newark Socialists Are Arranging for the Meeting at Taylor Hall, on April 19.

The Newark Trades and Labor Council and Socialist Local are making arrangements for a protest meeting in the interest of Moyer, Haywood and Pettibone three members of the Western Federation of Miners, recently indicted for conspiracy in the murder of the late Governor Steiensenburg of Idaho. This meeting will be held at Taylor Hall, Thursday evening, April 19, and will be addressed by Wm. Mailly, editor of the Toledo Socialist, of Toledo, O. Mr. Mailly is well versed on the situation as it really exists in that western state. His business associate, Mr. Titus, has been on the ground several weeks taking items for their paper. This meeting is free, and it is hoped every one who is interested will take advantage of this opportunity and hear Mr. Mailly speak.

"SOCIETY" CIRCUS

Will be Held by Local Lodge of Camels During the Third Week in July.

At a meeting of the Monarch Lodge of Camels held Tuesday night, it was decided to hold a "Society Circus," probably the third week in July. This is something after the order of a carnival except that the shows are all under one tent and one management.

A plan was discussed whereby the citizens of Newark make this a "home coming" week for Newark, and have all former residents of the city invited to return to Newark for the week of festivities.

It was also suggested that a reunion of all the Ohio lodges of Camels be arranged for this week, and in such event, the city would have an opportunity to entertain several thousand guests. An effort will be made to interest the Board of Trade and other secret orders to make a success of the venture.

MINERS REPLY TO OPERATORS

Proposition of the Latter Reported Acceptable to the Men.

JOINT CONFERENCE MEETS

Mine Workers Would Have Strike Commission Consider Their Original Demands, With Certain Modifications — Southwestern Coal Barons Seek Arbitration—Mining Situation

New York, April 12.—At the joint session of the scale committees of the anthracite operators and mine workers, the miners presented their reply to the counter arbitration plan proposed by the coal barons. The strictest secrecy surrounded the work of the committee. It is believed the miners have decided to accept the operators' offer that the anthracite strike commission take up the dispute, but will ask that the tribunal be permitted to consider the original demands with certain very important modifications. The concessions reported to have been decided upon are that, instead of an agreement being entered into between the operators and the mine workers, it be made with the anthracite mine workers; that the check-off be limited to the wage workers who agree to an assessment to defray the expenses incurred in carrying out the miners' part of the agreement instead of all mine workers, union and nonunion, being compelled to contribute; and that the duration of the agreement be left to the commission. The miners in their plan asked for a two-year agreement, and the operators in their counter proposition wanted one for three years. If this proposition is submitted by the miners and accepted it would leave the commission free to take up the demands for an increase in wages, an eight-hour day, uniform pay for all classes of employment paid by the day or month, reconstruction of the conciliation board and a number of minor grievances. The operators want to limit the inquiry to wages and a method for the adjustment of complaints.

The general scale committee of the miners held two sessions, at which most of the members discussed the operators' plan. They were by no means a unit in their views, and the more radical committeemen favored a complete rejection of the operators' proposition outside of that portion which provides that the strike commissioners be the arbitrators. They feared the operators might take advantage of the clause in the latter's proposition which gives them the privilege of asking the arbitrators to reduce the wages of the men. All the committeemen viewed favorably the offer that the strike commission arbitrate the differences instead of the conciliation board.

Southwest Operators' Request.

Kansas City, April 12.—W. C. Perry was appointed by the operators' association to go to Washington with the resolution requesting mediation and present it to President Roosevelt. Mr. Perry stated that he will start on his mission as soon as his business will permit, probably within two weeks. The operators adopted another resolution to the effect that they will never recede from their present position if such action on their part will involve the raising of the price of coal to consumers.

CASTRO RETIRES.

President of Venezuela Temporarily Out of the Chair.

New York, April 12.—General Cipriano Castro has retired temporarily from the presidency of Venezuela. General Juan Vicente Gomez, first vice president, is the present executive head. This information was contained in an official cable dispatch received from Caracas by the Venezuelan consul general in this city. The official announcement gives as Castro's reason for resigning that "he desires to retire to restful private life for some time owing to the strenuous work his position exacts and which he has so successfully carried on for several years." The change took place on Monday last, when Castro issued a proclamation wherein appeared the following: "Should his temporary separation bring harmony and good will to the country, he would willingly make his retirement permanent, if necessary."

End of Rate Debate.

Washington, April 12.—In the senate Mr. Aldrich expressed the opinion that the end of the general debate on the railroad rate bill would become apparent before the end of the present week, and that then an agreement upon a day for a vote could be reached. The statement was made in response to a request by Mr. Tillman for such an agreement.

For Preservation of Niagara.

Washington, April 12.—Representative Burton of Ohio introduced a bill for the preservation of Niagara Falls. It prohibits the diversion of water from Niagara river except on revocable permits to be granted by the secretary of war. Permits are to be granted for domestic use of water and for the Erie canal. A penalty of a fine and imprisonment is provided for a violation of the act or the regulations of the secretary of war. The minimum fine is \$500 and the maximum \$2,500.

TO ARBITRATE DOWIE DISPUTE

"First Apostles" Counsel Not to Go into the Courts.

CONFERENCES HELD AT ZION

Amicable Adjustment of the Whole Controversy Anticipated by Attorney Wetten — Matter of Religious Head of the Church Has, Not Yet Been Reached.

Chicago, April 12.—The statement was made at the conclusion of conferences between representatives of the opposing interests of the Christian Catholic church in Zion that the whole controversy would probably be settled by conciliation. Both sides to the dispute, according to Attorney E. C. Wetten, Dowie's legal representative, are anxious for an amicable adjustment of the whole dispute. This announcement was made by Mr. Wetten after his return to Chicago from Zion City, where he was in conference with General Overseer Voliva and other leaders of the Zion church. This statement was made by Counsel Wetten immediately after a conference he had with Dr. Dowie and his counsellors. At this meeting Attorney Wetten told Dowie and his lieutenants what had transpired at the meeting he had with Voliva and his assistants. Earlier a statement had been given out from Dowie's apartment that the whole matter would be thrown into the courts for a settlement, but after the consultation with Attorney Wetten on his return from Zion there seemed to be a sudden change in the warlike attitude which has all along been assumed by Dowie and his advisers.

Attorney Wetten in making his statement said that Dowie had appointed him to speak officially for himself (Dowie) while the negotiations for a settlement were going on. "The report that Dr. Dowie would seek redress in the courts is entirely wrong," said Mr. Wetten. "That will be our last resort, and I am of the opinion that there will be no need to ask the courts for assistance. Dr. Dowie's principal desire in this matter is to see that every person who has ever invested a dollar in Zion City or any of the business enterprises of his receives payment in full on investments. At the conference I had in Zion City with those now in control of that place considerable progress was made in reaching an understanding. We went over the whole situation as to their rights and as to what was due to Dowie. At the meeting with Dowie and his counsellors I informed them of the attitude of those in control at Zion City and advised conciliation. Dowie and his lieutenants seemed favorably impressed with what I had to say, and it was decided that I should continue my efforts for peace. Nothing was mentioned as to who should be the ecclesiastical head of the church, as we did not have time to touch on that point. Our plans are still only in the primary stage, but a plan is being considered whereby an effort will be made to have the whole affair left to a board of arbitration to be chosen from representatives of both sides."

Showman Bailey Dead.

New York, April 12.—James A. Bailey, the showman, formerly of Barnum & Bailey, died at his home in Mount Vernon of erysipelas.

Bailey was 59 years of age. His name is familiar throughout America and Europe as a showman, and in his later years he was managing director of the Barnum & Bailey shows.

Mutiny on Board a Cruiser.

Lisbon, April 12.—A mutiny took place here on board the Portuguese cruiser Don Carlos I. Admiral Ferreira, commander of the naval forces, proceeded in person to the mutinous vessel and ordered the mutineers ashore. Over 250 men were landed under guard and confined in the naval barracks.

Fired on a Steamer.

Ufa, Russia, April 12.—Fearing a revolutionary attempt to blow up the railroad bridge across the White river the guards have several times fired on approaching boats. The guards discharged a volley at a suspicious steamer which was showing no lights and riddled the upper works, killing or wounding several of the crew.

Wellman Bids Mother Goodbye.

Madison, Wis., April 12.—Walter Wellman bade farewell to his mother here preparatory to his north pole trip. He sails for New York April 24 and for Norway June 26.

Typhoid at Pittsburgh.

Pittsburgh, April 12.—Fifty-eight new cases of typhoid fever were reported to the bureau of health. About 1,000 pupils are absent from school because of illness, and a great many of them are suffering from typhoid fever. The city superintendent of schools attributes these cases to the unfiltered city water supplied to the schools.

Bubonic Plague.

Philadelphia, April 12.—One of the sailors from the steamship Burrasfield, now in quarantine at Reedy Island, died from what is thought to be bubonic plague. This makes the third death which has occurred on the Burrasfield since the vessel sailed from Bombay, India.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

down pains are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, come irregular, painful, scanty or profuse periods, wasteful, weakening drains, dreadful backache, headache, nervousness, dizziness, irritability, tired feeling, inability to walk, loss of appetite, color and beauty. The cure is

WINE OF CARDUI

Woman's Relief

that marvelous, curative extract, or natural essence, of herbs, which exerts such a wonderful strengthening influence on all female organs. Cardui relieves pain, regulates the menses, stops drains and stimulates the muscles to pull the womb up into place. It is a safe and permanent cure for all female complaints.

TWICE-OLD TESTIMONY.

Newark People Are Doing All They Can for Fellow Sufferers.

Newark testimony has been published to prove the merit of Doan's Kidney Pills to others in Newark who suffer from bad backs and kidney ills. Last any sufferer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Newark people saying that the cures they told of years ago were permanent. Here's a Newark case:

Amos Frey, shoemaker at 307 E. Main St., and living at 22 Bolen St., Newark, O., says: "I made a statement in 1896, recommending Doan's Kidney Pills, and the eight years which have passed have only strengthened my confidence in that remedy. It gives me pleasure in 1904 to confirm what I said in 1896, for my cure was so complete that I have never and any return of the trouble."

"The statement made by Mr. Frey in 1896 was as follows: 'For several years I was never free from pain, a constant dragging, aching in the kidneys. It was dull and dead so that I had to get up and move about if I sat for any length of time, my back would get so tired and ache so hard that it was really agonizing. I took several kidney medicines but I got no benefit until I happened to learn of Doan's Kidney Pills and got a box at Crayton's drug store. They did all that they promised for they completely removed the miserable pain from my back.'"

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

HAD THEIR DOUBTS.

Suspicious at First, but J. W. Collins & Son, Druggists, Acknowledge the Truth Now.

When we heard that a long Havana filled cigar, of regular size, was being retailed in the East for a nickel we did not think it could be possible."

Said Mr. Richard F. Collins, of J. W. Collins & Son, an Advocate reporter. "If it could be done, we wanted to do it, and after a good deal of correspondence we found that this cigar was made in Birmingham, and was called the Wadsworth Bros' Cigar."

"To make a long story short, we bought a small lot a short time ago, and today are having regular shipments of 5,000 at a time, to supply the demand that has grown up for this cigar. Our best smokers enjoy it, and we recommend every smoker to see how good the Cigar is."

HAD NO LIVER AT THE CITY PRISON

Telephone Lines Got Crossed and Chief Sheridan Got the Butcher's Order.

The telephone bell in Chief Sheridan's office rang decisively Wednesday morning. The chief placed the receiver to his ear and uttered a cheery "hello." The voice on the other end of the line said, "Please send me two pounds of liver right away." The chief for a few moments was struck dumb, but soon recovered his self-possession and said, "My dear madam, I would be glad to send you the liver if possible, but we haven't a bit in the place. This is one of the funny mistakes made by the telephone operators.

Sunrise Meeting.

Ever since the first Easter morn, so many years ago, the early morning hours have been held sacred in the minds of Christian nations as the time when the Saviour of all mankind rose triumphant over man's greatest and surest foe—Death.

It is with this in mind, that the early morning prayer and praise meeting has been called, with the hope that hundreds of Christians may seek this time as a fitting prelude to the other services of the day.

The leader for this meeting is Miss May Lumley and the subject chosen, "The first message of the Resurrection," Matt. 28: 1-10.

Miss Lumley is well known as a leader of meetings of this nature, and an excellent meeting is assured.

Prof. Flora will sing a solo, entitled "Easter Morning," by Stearns. While Prof. Flora is a new comer, he is already well known in the musical circles of the city.

The services for Easter morning will be held at the Central Church of Christ at 6 a. m. While this hour may seem early, the results will more than repay any extra effort to attend. Everyone who desires to attend this meeting is heartily invited.

EXPLOSION

FOLLOWED THE LIGHTING OF A MATCH BY CHARLES JONES OF KIRKERSVILLE.

He Was Hurled a Distance of 30 Feet and Escaped Serious Injury.

Kirkersville, O., April 12.—Quite an accident occurred at this place Wednesday evening, which, fortunately, had no serious results for anyone. Mr. Charles Jones, son of Mrs. D. A. Jones, went into the cellar to fix an acetylene gas light machine, and when he struck a match, a terrific explosion followed, hurling Mr. Jones with great force through the door by which he had entered, into the furnace room beyond, a distance of about 30 feet. The entire northwest end of the house was blown out, and a number of the windows in the house demolished. The little granddaughter of Mrs. Jones who was in the dining room, had her hair slightly burned. Mr. Jones was slightly bruised, caused by his heavy fall.

RATES FIXED

By Traffic Associations of Coal Carrying Roads.

Philadelphia, April 12.—That rates are fixed by the "traffic associations" composed of various coal carrying railroads was the admission drawn from railroad officials at the final hearing of the interstate commerce commission investigation into the alleged abuses of the coal trade. Through J. G. Searles, coal traffic manager of the Pennsylvania railroad, who is also chairman of the All-Rail Traffic association, it was learned that this organization not only fixes the percentage of tonnage allotted to each railroad, but also establishes the rates.

JOKE PROVES SERIOUS ONE.

Injured Man Hurried Off to Hospital at Zanesville on Wednesday Seriously Hurt.

Zanesville, April 12.—As the result of a quarrel that followed the playing of a practical joke at the plant of the Brown Manufacturing company yesterday about noon, Samuel Sotow is in the City Hospital suffering with injuries said to have resulted from Leo Goeltz striking him on the head with a heavy iron bar. The latter has been arrested. When the noon hour arrived Wednesday Sotow claims to have found oil in his coffee. It is alleged that he accused Goeltz of poisoning the oil in it.

COLLEGE PLAY—WHY? ASKS ACTOR

New York, April 12.—The college play has been an important factor in the amusement field during the past two years. A natural question provoked by this circumstance is summed up in one word—Why? commented Henry Woodruff, who is now

Henry Woodruff

appearing in "Brown of Harvard," in discussing the drama recently.

"A man who has seen 'Brown of Harvard,' 'Strongheart' and 'The College Widow' or any one of the three, be he old or young, will not hesitate a moment for the proper reply. He will say the college play exists and is patronized and admired because it pulsates with youth, life, vigor and manhood; because it is honest and clean, and because it depicts life at the most critical and the most happy time of a man's career. To the young man it presents scenes and characters with which he is familiar from present or recent association; to the old man it revives vivid memories of the most cherished days of his life."

REPUBLICANS

Of Indiana Meet to Nominate State Officers—Resolutions Concerning Gov. Hanby.

Indianapolis, April 12.—The Republican state convention to nominate state officers except candidates for governor, lieutenant governor and reporter of the supreme court held its preliminary session and heard addresses by Representative Abraham L. Brick, temporary chairman; Senators Beveridge and Hemenway and Governor Hanby. The resolutions committee, after a session lasting over three hours, modified the plank endorsing the administration of Governor Hanby which had been agreed upon by party leaders and submitted to it.

Not to Close Good Friday. New York, April 12.—The governors of the New York Stock Exchange voted not to close the exchange on Friday. This is the second time in the history of the institution that it has failed to close on Good Friday, the previous occasion being in 1898.

HAVANA STRIKE

Mayor With President's Approval Orders Police to Allow No Meeting to be Held.

Havana, April 12.—Mayor O'Farrell, with the approval of President Palma and Governor Nunez, has directed that meetings of more than four persons during the present strike agitation shall be dispersed. The leaders of the stevedores, teamsters and wharfmen had a conference with Governor Nunez, who informed them that the strictest measures would be taken to suppress disturbances.
